

## Half-term Six June-July 2021

### Year 9 ICT and Computer Science

Lesson	Instructions	Resources	Curriculum
1	Digital Graphics – Graphics Software.  Learn about Graphics software from Bitesize, then complete the mini test. Screenshot and send the results to your teacher.	<a href="#">Bitesize link</a>  <a href="#">Test</a>	<p><i>Undertake creative projects that involve selecting, using, and combining multiple applications, preferably across a range of devices, to achieve challenging goals, including collecting and analysing data and meeting the needs of known users</i></p> <p><i>Create, reuse, revise and repurpose digital artefacts for a given audience, with attention to trustworthiness, design and usability</i></p>
2	Digital Graphics – Colour  Watch the video about the meaning behind colours. Create a poster about the use of different colours in advertising.	<a href="#">Video</a>	
3	Digital Graphics – Fonts  Create a presentation about the different styles of fonts and why each are used.	<a href="#">Video</a>	
4	Digital Graphics – The Audience  Learn about how different audiences influence our design and write up notes on what you have learned about the audience types.	<a href="#">Video</a>	
5	Digital Graphics – The Law  Learn about which laws designers need to think about when making a design. Explain how this would impact a designer of a promotional poster for a music festival.	<a href="#">Video</a>	

**Please email any queries and completed work to your teacher –  
Mrs Holmes-Long OR Mr Hall**
