Individual Success Stories:

We are absolutely delighted at Monkseaton to be celebrating with our students their success stories and personal achievements with some remarkable success. This is testimony to the outstanding quality of leadership, teaching and learning, care and guidance that we give to our students. Students, parents and staff should rightly be very proud of their achievements.

At Monkseaton we offer a range of courses in the Sixth Form and this allows us to cater for the educational needs of all our students. These courses range from the traditional A Levels to more vocational qualifications. By offering a full range of qualifications we can ensure that our students achieve and learn in a style that suits both their ambitions, interests and academic profiles to successfully progress to their next destination.

All students have progressed again this year onto destination pathways ranging from Accountancy, History, Sports, Business Studies, Nursing to Apprenticeships or college courses.

We have some students with phenomenal results attaining the very top grades and have some excellent individual success stories across the curriculum - see some of our success stories [here](#)
